SOFTWARE PROJECTS

EZSPLIT   ezsplit.herokuapp.com
- Created a mobile responsive web app that itemizes receipts and allows users to select items for payment
- Client UI styled with CSS on top of HTML/React
- Incorporated Socket.io to provide a real-time customizable table between parties
- Added functionality to add users to multiple friends lists via a QR code feature which is stored in the database
- Utilized Node/Express for HTTP routing, PostgreSQL, MongoDB, React, Redux, CSS, Git, Taggun.io, Socket.io, and QR reader

DECEPTICONS   decepticons.herokuapp.com
- Developed eCommerce website with PLP and google login that allow users to purchase automobiles
- Incorporated persistent storage to allow for future access of guest shopping carts with localStorage
- Designed RESTful backend server enabling previous orders to be stored in database
- Utilized Node/Express for HTTP routing, PostgreSQL, Sequelize, React, Redux, Git, agile methodologies, and localStorage

EMPLOYMENT

CITIGROUP GLOBAL MARKETS INC.   New York, NY
Senior Associate, Private Banking   *January 2018 – October 2018*
- Reduced team inquiry volume for a portfolio of 50 plus high-net worth clients with AUM of more than 200 million dollars by proactively updating clients on financials independently
- Spearheaded and collaborated on account remediation issues with sales and operations/product teams to ensure procedures comply with banking and trading policies by raising awareness of possible overdue margin loans, capital calls, and overdrafts preemptively
- Piloted new client onboarding by reaching out and walking client/customers through Citi policies to ensure transparency and seamlessness moving forward

Analyst, Trade/Product Support   *June 2015 – January 2018*
- Integrated new team members by providing in-depth training and mentorship on topics such as product and brokerage platform usage
- Optimized team workflow by acting as a subject matter expert and main point of contact on in-house investment products and portfolio allocations
- Leveraged knowledge on asset movements, account activity (including margin and cost basis), and retirement account policies to provide advice and rectifying client account discrepancies

EDUCATION

FULLSTACK ACADEMY OF CODE   New York, NY
Immersive Software Engineering Program   April 2019

CUNY BARUCH COLLEGE   New York, NY
Bachelor of Arts in Economics   May 2015
